

Ground warning sign Mandatory wearing of mask
Ref. 7010-164

Product description

Sticker to help communicate essential hygiene requirements.
The high-performance adhesive guarantees optimum adhesion on flat surfaces
- indoors (excluding carpets and rugs)
- outdoors under cover only (not suitable for exposure to rain), in temperatures between -20°C and +60°C. A non-level surface will reduce the adhesive's life span.
The stickers are resistant to cleaning and disinfectant products, allowing frequent cleaning of floors without peeling.
The antiskid surface is approved according to DIN 51097 (class A) and DIN 51130 (class R9).
The non-reflective finish ensures optimum legibility of the pictograms and includes UV protection.
Flexible and resistant adhesive PVC.
Dim. Ø 450 mm Thickness 0.2 mm (does not cause problems when shopping trolleys pass over in supermarkets).

| Positioning advice: | |
|---|--|
| <ul style="list-style-type: none"> Minimum application temperature: +10°C. Carefully clean the surface where the sticker will be placed: it must be free of dust, degreased and completely dry. Remove the protective film from the adhesive sticker. Apply the sticker in the desired location (taking into account alignment with the area to be highlighted). Press down from the inside of the sticker to the outside (to remove air bubbles). |  <ul style="list-style-type: none"> It is forbidden to walk on the sticker during the first 24 hours of placement, in order that the adhesive sticks perfectly to the surface.  |
| To remove | |
| <ul style="list-style-type: none"> Heat the sticker to facilitate removal (for example: with a hair dryer) then use a scraper. Carefully clean the surface with a solvent to remove any remaining adhesive residue. | |
